Minutes of the Village Board Public Hearing of July 26, 2016

The Public Hearing was opened at 7:00 p.m. by President Greg Goetz.

Members present: Bob Zarzynski, Wendy Stallings, Pat Tetzlaff, Tim Dietrich, Matt Carran, Lee Uecker and Greg Goetz.

Trustees excused: None

Others present: Administrator Jeremy Smith, Attorney John Macy, Assistant Administrator Melissa Weiss, Administrative Services Director Casen Griffiths, Interim Fire Chief Tony Emanuele and members of the press and public.

President Goetz read the notice of public hearing which is to hear comments from citizens on an ordinance to repeal and recreate Section 17.0800 entitled "Signs" of Chapter 17 of the Village of Sussex Zoning Code.

Mr. Smith stated that the proposed changes to the ordinances was the result of a Supreme Court ruling that requires all sign regulations to be content neutral. An ordinance is allowed to regulate signage but it must regulate based upon things such as location, size, materials and lighting. A committee worked on the changes and staff feels that the changes are consistent and compliant with the law. Despite the change there is likely very little expected to change for citizens and businesses.

Mr. Zarzynski questioned the Village's ability to regulate signs that may be vulgar or may state something untrue or derogatory to an individual. Mr. Smith noted that the Supreme Court ruling and prohibits regulations of speech on signage. Mr. Carran asked if there would be some recourse if the signage was creating a public safety hazard or issue. Attorney Macy stated that there has always been the provision on limitation of free speech based upon public safety, for instance an individual is not allowed to yell "fire" in a theater when no such threat exists. There are mechanisms for the individual to seek legal recourse for libel or slander. Mr. Smith noted that If a sign is posted that would have offensive language then the Village would need to look at the governmental interests of public safety versus the rights of the individuals freedom of speech.

President Goetz opened the hearing to take comments from citizen present. There was no one present who wished to be heard.

A motion by Stallings, seconded by Carran to close the public hearing at 7:07 pm. Motion carried

Respectfully Submitted,

Casen J. Griffiths
Administrative Services Director

Mrs. Weiss noted that work is progressing on the Civic Campus and Main Street and that final edits on the Courier were being completed and the newsletter will be out shortly. MEMORANDUM

To: Village Board

From: Casey Griffiths, Administrative Services Director

Re: Village Board Meeting- August 9, 2016

Date: August 3, 2016

4.A. Village President Report. Report on meetings attended, communication, up-coming meetings and special recognitions including Successfully Sussex Awards.

5.A.2. The Finance and Personnel Committee recommends approval of an Operator's Licenses for Leann Kelsey subject to the standard conditions of operator approval. The Finance and Personnel Committee recommends denial of the license application for Rosemarie Wagner for failure to complete the application process and appear before the committee.

5.A.3. The Finance Committee recommends approval of the Intermunicipal Agreement for Building Inspection Services with the Villages of Slinger and Richfield for the years 2017-2021. Sussex entered into a contract with Slinger and Richfield three years ago for building inspection services. All three communities have been very happy with how the arrangement has worked out and Sussex has seen a cost savings in providing building inspection services in this manner. The new agreement is for five years, with an automatic renewal after five years. Please see the enclosed agreement document for additional information.

5.A.4. The Finance Committee recommends the Board accept the 2016 Second Quarter Investment Report. The balances shown in the investment report have decreased considerably as bond proceeds have been spent. The LGIP rate has remained at 0.40% this year, but that is up from 0.15% in 2015. The average yield on the Village's B Bonds was 0.341%, which is higher than the prior quarter. Rates have been slightly higher than in 2015, but the Village has been drawing down much of its cash for TIF projects and water projects for overall interest earnings will not likely be higher. Please see the enclosed quarterly investment statement for more information.

5.A.5. The Finance Committee recommends approving the establishment of the Fire Chief's pay grade at wage scale 11 with a pay range being established at a minimum of \$80,000 and maximum of \$95,000. At the final meeting in July, the Board provided staff with direction to implement a full time Fire Chief position. In reviewing peer communities, the average current pay for a Fire Chief is \$92,000 per year. The Finance Committee reviewed the matter and determined that based upon the duties of the Chief and the need to attract a qualified candidate, having a pay grade at step eleven was the

best option. Please see the enclosed memo from Administrator Jeremy Smith and wage scale sheet for more information.

5.B.2. The Public Works Committee recommends approval of the contract with JT Rams for roof repairs at the Wastewater Treatment Facility in the amount of \$11,084 with a contingency of \$1,000. The Wastewater Treatment Plant has been experiencing leaks in the office hallway during rain events. The leaks occur between the hallway and maintenance garage. The hallway roof is lower than the garage roof and water is soaking into the garage wall and running into the building. The repairs would install metal water proofing membrane and metal siding over the existing exterior insulation and finish system (EIFS). The lower hallway roof connection will be taken off, re-flashed, re-attached and have a new wall cap attached. The area that needs repair is separate from the areas of the plant that had three new roofs installed last fall. This is the same contractor who installed those three roofs. Please see the enclosed contract document and memo from Assistant Public Works Director Dennis Wolf.

8.A. Staff recommends approval of Sussex IM Certified Survey Map. Sussex IM has purchased two parcels on the north side of County Highway K and east of Executive drive for their new building. The CSM formally combines the two parcels into one 18 acre lot. The CSM includes language that dedicated a path to the Village of Sussex. Please see the enclosed CSM for more information.

8.B. Staff recommends the removal of the existing Village Hall in adherence to the Citizens Committee reports of 2010 and 2014. In 2010 the Village put together a citizen's committee to analyze the Village Hall. The committee examined multiple options and recommended that the Village not reuse the existing building. The Citizen Committee issued the report which was accepted by the Village Board and set in motion the design of the new Civic Campus by the Citizen Committee in 2014. During the design phase of the Civic Campus, individuals in the community expressed their desire to see something occur at the old Village Hall. The Board heard requests in 2015 and offered anyone to come forward with a viable plan by July 2016. No one has come forward with any plan. As the Board has accepted the Citizens Committee's recommendations regarding the old Village Hall and Civic Campus and no one has come forward with a proposal it is appropriate to take action on the Village Hall. The removal of Village Hall will start in August with removal of the elevator lobby for the Civic Campus driveway with the rest of the structure likely being removed in the winter. The space would be restored to grass in the short term, with a future discussion about long term use to come at a later time. Please see the enclosed memo from Administrator Jeremy Smith for more information.

9.A. The Village of Lannon is requesting to purchase the Village's surplus wreath holiday decorations. The Community Development Authority is intending to purchase new snowflake decorations for downtown. Lannon has offered \$10 per wreath, for 30 wreaths totaling \$300. Additionally, Ron Dutcher has asked to purchase a surplus Main Street light pole for \$50. Please see the enclosed memo from Assistant Village Administrator Melissa Weiss.

9.B. Staff recommends approval of the application for an Amusement Device License – August 10, 2016 to June 30, 2017 for SR South, LLC – Cousins Subs, 2 permits.

11. Please see your closed session memo from Administrator Jeremy Smith for more information.

8. Payment to the Village of Richfield for Services Rendered Through this Agreement

- a. Budget. Prior to the execution of this contract, and thereafter no later than October 31 of each year of this agreement, the Village of Richfield shall draft an annual budget for expenses related to total Inspections Services. The total budgeted expenses shall be equally divided amongst the three communities. After this total expense is calculated, an additional administrative fee of 6.5% of the total Inspections expense budget shall be added, to be equally shared by the Village of Slinger and Village of Sussex. The initial annual budget shall be used as a baseline, and shall be attached as Exhibit A of this agreement. Exhibit A shall also depict the hourly rate to be applied to compensation adjustment as described in subsection (c) below. In no case shall the Inspections expense budget exceed an increase of 5% from any one year to the next, without approval by each community prior to October 31.
- b. Time of Payment. The compensation due to the Village of Richfield shall be paid in twelve equal installments on the 1st day of each month.
- c. Annual Compensation Adjustment. It is intended that the communities will approximately share the hours of two full-time equivalent Building Inspectors (80 hours/week). If the three communities shared these hours exactly equally, each would receive 1,386 2/3rds hours per year, inclusive of equally shared Paid Time Off. (This 1,386 2/3rds hours is referred to herein as the "Equal Share".) The parties recognize that maintaining the Equal Share exactly is not realistic or desirable due to fluctuating needs, and therefore variation within a range of 20 percent above or below the Equal Share will not result in an adjustment to the compensation amounts described in this agreement. If, however, in any calendar year any one or more of the communities receives 20 percent more than the Equal Share (more than 1,664 hours) or 20 percent less than the Equal Share (less than 1,109 hours), the compensation amounts will be adjusted as follows:
 - i. The actual hours used by each community for the calendar year, plus 1/3rd of actual Paid Time Off hours, shall be multiplied by the hourly rate depicted in Exhibit A.
 - ii. The administrative fee of 3.25 percent of the total actual hours multiplied by the hourly rate shall be added to the Village of Sussex and to the

Village of Slinger totals, resulting in the Village of Sussex and the Village of Slinger Adjusted Payment Obligation.

- iii. If actual payments by the Village of Slinger for the year in question exceed the Village of Slinger Adjusted Payment Obligation, the Village of Richfield shall refund the difference to the Village of Slinger, no later than March 1 following the year in which payments were made. If actual payments by the Village of Slinger are less than the Village of Slinger's Adjusted Payment Obligation, the Village of Richfield shall invoice the Village of Slinger for the balance no later than January 31 following the year that payments were made, and the Village of Slinger shall pay the balance to the Village of Richfield no later than March 1.

- iv. If actual payments by the Village of Sussex for the year in question exceed the Village of Sussex Adjusted Payment Obligation, the Village of Richfield shall refund the difference to the Village of Sussex, no later than March 1 following the year in which payments were made. If actual payments by the Village of Sussex are less than the Village of Sussex's Adjusted Payment Obligation, the Village of Richfield shall invoice the Village of Sussex for the balance no later than January 31 following the year that payments were made, and the Village of Sussex shall pay the balance to the Village of Richfield no later than March 1.

9. Term of Agreement

The term of this agreement shall commence January 1, 2017, and shall continue through December 31, 2021.

The agreement shall then automatically renew through December 31 of the following year, and for every year thereafter, unless 365 days' written notice has been given in accordance with paragraph 10 of this agreement.

Exhibit B
Public Records Responsibilities Contract Terms

The Village of Slinger and the Village of Sussex (the "Clients"; each separately a "Client") and the Village of Richfield ("Richfield") recognize that applying applicable Wisconsin public records laws to particular records requests can be difficult, in light of copyright and other confidentiality protections. To ensure that applicable laws are followed, both with regard to private rights, and with regard to public records laws, Clients and Richfield agree as follows. When a Client receives public records requests for matters that the Client believes might be proprietary or confidential information, the Client will notify Richfield of the request. Within three (3) days of such notification (subject to extension of time upon mutual written agreement), Richfield shall either provide the Client with the record that is requested, for release to the requestor; or Richfield shall advise the Client that Richfield objects to the release of the requested information, and the basis for the objection. If for any reason a Client concludes that the Client is obligated to provide a record to a requestor that is in Richfield's possession, Richfield shall provide such records to the Client immediately upon the Client's request. Richfield shall not charge for work performed under this paragraph, except for the "actual, necessary and direct" charge of responding to the records request, as that is defined and interpreted in Wisconsin law.

In addition to, and not to the exclusion or prejudice of, any provisions of this agreement or documents incorporated herein by reference, Richfield shall indemnify and save harmless and agrees to accept tender of defense and to defend and pay any and all legal, accounting, consulting, engineering and other expenses relating to the defense of any claim asserted or imposed upon the Client, its officers, agents, employees and independent contractors growing out of (i) Client's denial of a records request, based upon objections made by Richfield, or (ii) Richfield's failure to provide records to Client upon Client's request; or (iii) Client's charges made to a records requestor, based upon reimbursement of costs Richfield charged to Client in responding to a records request; or (iv) Client's lack of timely response to a records request, following Richfield's failure to timely respond to Client as required herein; or (v) Client's provision of records to a requestor that were provided to Client by Richfield in response to a records request. All funds held at BMO Harris are fully collateralized.

Highlights of the Quarter:

- ❖ The balances have decreased considerably (just under \$8,000,000) as bond proceeds have been spent.
- ❖ The rate paid by the LGIP has remained in the 0.40% range this year, up from the 0.15% range of 2015.
- ❖ The average yield for the quarter was 0.341%, excluding the B Bonds. This is higher than the prior quarter by 0.015%.
- ❖ While rates are slightly higher than 2015, we have been drawing down much of our cash for TIF projects (which will eventually earn 1% from the TIF when it has cash available) and water projects so overall interest earnings will not likely be higher.

While the total of investments may seem like a large amount, there are various reserves required by our borrowing instruments. Other funds are set aside for specific purposes as set by the Village Board or Village policies. Funds are categorized as follows:

MEMORANDUM

To: Village Board
From: Jeremy Smith, Village Administrator
Re: Fire Chief
Date: 7/21/2016

The Fire Commission has requested the Village Board allocate resources for the creation of a full time Fire Chief position. The Commission discussed this issue and thoroughly vetted options over several Commission meetings and sought feedback and data from other communities prior to making this request. The Commission would like to proceed expeditiously with filling the Fire Chief position. Due to the time of year, if such request is granted, the financial impacts to the Village would be realized in the 2017 budget.

The Fire Department is the largest department of the Village and presents some of the biggest opportunities. Fire and medical services require tremendous leadership and are fraught with legal and liability risks, which strongly suggest appropriate levels of management. The Village was extremely fortunate to have had a Chief who for part time wages dedicated his heart and soul to the Department. The Village should not have expectations that such a situation is replicable. I have mentioned many times over the years the Village would face this situation when Corky retired. That day has now arrived.

The Village is actively participating in regional talks about fire services, but those talks will take years to bear fruit. The North Shore Fire Department talks took almost a decade to realize success and the Village shouldn't have expectations of quick changes in that regard. The right Fire Chief will be a leader who helps the Village along that path and can be a champion of that cause amongst the Fire Chiefs in the area, while continuing to strengthen our culture and capability of delivering fire and medical services.

Staff at the request of the Fire Commission has pulled salary data from peer communities. Assistant Administrator Melissa Weiss will discuss this data at the meeting. The average current pay is about \$92,000 per year for a Full Time Fire Chief. That would suggest our pay range would have that salary just above the median of the range. Please see the spreadsheet for more information.

Staff has built the commensurate wage and benefit costs of a Full Time Fire Chief in the 2017 base budget. This item can be pulled if the request is not granted by the Board. We were able to accommodate this impact into the base budget with nominal impact to the tax rate through the dedicated work of the Departments on their budget submittals.

Staff recommends the Village Board authorize the creation of a Full Time Fire Chief position and directing staff to establish a pay range and job description for the same in the personnel handbook and to place the appropriate wage and benefit costs in the 2017 budget.

MEMORANDUM

To: Public Works Committee
From: Dennis Wolf, Assistant Public Works Director Operations
Date: 7/27/2016
Re: W.W.T.P. Roof Repairs

The Village of Sussex Wastewater Treatment Plant has been experiencing leaks in the office hallway during rain events since late this spring. The leaks are occurring between the hallway and the maintenance garage. The hallway roof is lower than the garage roof, and the water is soaking into the garage wall and running down into the building. The garage exterior block wall is coated with an Exterior Insulation and Finish System (E.I.F.S.), which is insulation covered with a thin layer of a concrete type compound.

The repairs would be to install water proofing membrane and metal siding over the existing E.I.F.S. wall substrate, as well as a new metal cap on the garage wall. The lower hallway roof connection would be taken off, re-flashed, re-attached, and have a new wall cap attached. Other minor repairs to seams and cracks would be addressed.

This area of needed repairs is in a separate area of the plant from the three new roofs that were installed last fall. The same contractor, JT Rams, who was the low bidder on that project, will be performing the work.

The cost for the above mentioned repairs is \$ 11,084.00.

The needed funds would be taken from the Sewer Utility Capital Structure 620-18331 fund.

MEMORANDUM

From: Jeremy Smith, Village Administrator

Re: Old Village Hall

Date: 8/2/2016

The Village Board in 2010 put together a citizen committee to analyze the Village Hall. The citizen committee had a wide range of folks, including some who came to the table with the express desire to save the structure. The Citizen Committee looked at multiple options and hired professionals to examine the building. The Village brought in several specialists in masonry and early 1900's construction to look at the existing structure and they recommended not attempting to reuse the existing building due to the costs of repairs. The Citizen Committee issued their report, which the Village Board accepted.

This set the ball in motion for the 2014 Citizen Committee to design the new Civic Campus, which is now almost complete. The new Civic Campus is to be the communities living room, a gathering place for the community beyond just its government operations, but part of the fabric of its civic capacity and social life. As part of the construction of the Civic Campus, the Village did have to certify with the State Historical Society about the Village Hall, and it was found by the experts to not be listed as the building has been changed architecturally so much over the years.

During the design of the civic campus many folks in the community spoke up about the changes and a desire to see something come to life with the old Village Hall. The Village Board heard the Citizen requests and in the early part of 2015 offered anyone to come forward with a viable plan for the building by July of 2016. The one primary stipulation was that the first Citizen Committee had already thoroughly explored this building and the Village Board had accepted their recommendation so any offer would not involve taxpayer money. No one has come forward with any plan by the deadline.

Since the Village Board already had accepted the two Citizen's Committee's findings, and no one has come forward in a year and one half with a proposal it is now appropriate to take action on the Village Hall. Staff recommends in adherence to the Citizen's Committee report to remove the existing Village Hall. This will start with the modification of the elevator lobby for the new driveway in August, and likely in winter the removal of the rest of the structure after Village operations are all moved into the Civic Campus. For now the space will be restored with grass and long term the community will explore the use of said land with multiple needs having already been discussed and more conversations certainly to follow.
