A. Preservation of Intent: No variance shall be granted that is not consistent with the purpose and intent of the regulations for the district in which the development is located. No variance shall have the effect of permitting a use in any district that is not a stated permitted use, accessory use, or conditional use in that particular district.

B. Exceptional Circumstances: There must be exceptional, extraordinary, or unusual
circumstances or conditions applying to the lot or parcel, structure, use, or intended use that do not apply generally to other properties of uses in the same district, and the granting of the variance should not be of so general or recurrent nature as to suggest that the Zoning Ordinance should be changed.

C. Economic Hardship and Self-Imposed Hardship Not Grounds for Variance: No variance shall be granted solely on the basis of economic gain or loss. Self-imposed hardships shall not be considered as grounds for the granting of a variance.

D. Preservation of Property Rights: The variance must be necessary for the preservation and enjoyment of substantial property rights possessed by other properties in the same district and same vicinity.

E. Absence of Detriment: No variance shall be granted that will create substantial detriment to adjacent property or that will materially impair or be contrary to the purpose and spirit of this Ordinance or the public interest.

F. Additional Requirements in Floodland Districts: Refer to Section 14.900 to Section 14.990.

The Zoning Board of Appeals shall decide all appeals and applications within 30 days after the public hearing and shall transmit a signed copy of the Board’s decision to the appellant or applicant, Building Inspector, and Plan Commission.

A. Conditions may be placed upon any building permit ordered or authorized by this Board.

B. Variances, Substitutions, or Use Permits granted by the Board shall expire within six (6) months unless substantial work has commenced pursuant to such grant.
